

**INDEPENDENT AUDITOR'S REPORT**

To the Members of  
**WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED**  
**REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS**

**Qualified opinion**

We have audited the standalone financial statements of WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter(s) described in the Basis of qualified opinion paragraph below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss and its cash flows for the year ended on that date.

**Basis for qualified opinion**

In respect of certain units, Revenue from Sales - Property Development, under Revenue From Operations, is recognized on construction work executed on Residential Tower A and Commercial Plaza based on execution of application forms by the customers and pending the execution of registered agreement. Such executed application forms are taken into consideration for the purpose of revenue recognition. The executed application forms without corresponding registered contracts, do not fully meet all the criteria's mentioned in the Indian Accounting Standard (Ind AS) 115, Revenue from Contracts with Customers.

Also there are certain units agreements of which were not registered until the year ended March 31, 2019, but have been registered during the current year ended March 31, 2020, in such cases the revenue from sales and the corresponding cost of construction have been recognized in the period prior to March 31, 2019 i.e. during the period when the application forms were executed, and accordingly to such extent, such revenue from sales and cost of construction for the year ended March 31, 2020 have been understated.

Consequent to the above mentioned policy adopted by the company and consequent to change in the percentage of work completed computed for revenue recognition,

- a. Revenue from Sales - Property Development for the year ended March 31, 2020 is higher by Rs. 75,055/-
- b. Cost of Construction for the for the year ended March 31, 2020 is higher by Rs. 53,008/-;
- c. Consequently, loss for the year ended March 31, 2020 is lower by Rs. 22,047/-

**Information other than the financial statements and auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Management's responsibility for the financial statements**

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
  - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the IND AS specified under Section 133 of the Act;
  - e) On the basis of written representations received from the directors as on March 31, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of section 164(2) of the Companies Act, 2013.
  - f) With respect to the adequacy to the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2" to this report;
  - g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to our best of our information and according to the explanations given to us :
    - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 43 to the financial statements;

- ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses
- iii. There were no amount which were required to be transferred to the Investor Education and Protection Fund by the Company

Annexure 1 referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of the Our Report of even date to the members of WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED on the accounts of the company for the year ended March 31, 2020.

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.  
(b) All the fixed assets have been physically verified by the management during the year and no material discrepancies were identified on such verification  
(c) Based on the audit procedures performed by us and based on the information and explanations provided to us by the management, the title deeds of the immovable properties, are held in the name of the company.  
In respect of immovable properties taken on lease and disclosed as right of use assets, in the financial statements, the lease agreements are in the name of the company.
- ii. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly the provisions of clause 3(iii)(a),(b) and (c) of the order are not applicable to the company and hence not commented upon.
- iv. In our opinion and according to the information and explanations given to us, the company has not advanced loans to directors / to a company in which the Director is interested to which provisions of section 185 of the Companies Act, 2013 apply and hence not commented upon. Further provisions of section 186 of the Companies Act, 2013 in respect of loans and advances given and investments made have been complied by the company.
- v. In our opinion and according to the information and explanations given to us the Company has not accepted any deposits from the public in accordance with the provision of Section 73 and 76 and the rules framed there under.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the construction of residential and commercial properties and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

- vii. (a) Undisputed statutory dues including provident fund, income tax, sales tax, service tax, value added tax, goods and service tax, cesses and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been slight delays in few cases.
- (b) According to the information and explanations given to us, no undisputed statutory amounts payable in respect of provident fund, income tax, sales tax, service tax, value added tax, goods and service tax, cesses and other material statutory dues were outstanding at the year end, for a period of more than six months from the date when they became payable.
- (c) According to the records of the Company, the dues outstanding of Goods and Service tax and Value Added Tax, which have not been deposited on account any dispute are as follows:

Name of the Statute	Nature of dues	Amount under dispute (Rs.)	Period to which the amount relates	Forum where the dispute is pending
Maharashtra Goods and Services Tax Act, 2017	Goods and Service tax	69,56,445	2017-18	Commissioner of GST and Central Excise Appeal-II Mumbai
Maharashtra Value Added Tax Act, 2002	Tax/Interest/Penalty	40,08,224	2012-13	The company has filed application for cancellation of assessment order with Assistant Commissioner Sales Tax Mumbai

According to the information and explanations given to us, there are no disputes of income tax and service tax which have not been paid on account of any dispute.

- viii. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institution, bank. The Company did not have any outstanding dues in respect of debenture holders or government during the year.
- ix. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management and on an overall examination of the balance sheet, we report that monies raised by way of term loans were applied for the purpose for which they were raised. The company has not raised any money by way of initial public offer, further public offer and debt instruments.
- x. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, we report that no fraud on or by the officers and employees of the Company has been noticed or reported during the year.

- xi. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, the provisions of section 197 read with Schedule V of the Act is not applicable to the company and hence reporting under clause 3(xi) are not applicable and hence not commented upon.
- xii. In our opinion the company is not a nidhi company, hence reporting under clause 3(xii) are not applicable and not commented upon.
- xiii. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, transactions with related parties are in compliance with section 188 of Companies Act 2013 where applicable and details have been disclosed in the notes to the financial statements, as required by the Indian accounting standard (AS) 24, Related Party Disclosure specified under section 133 of the Act. The provisions of section 177 are not applicable to the company and accordingly reporting under clause 3(xiii) in so far as it relates section 177 of the Act is not applicable and hence not commented upon.
- xiv. According to the information and explanations given to us and on overall examination of balance sheet, the company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review, accordingly, paragraph 3 (xiv) of the Order, 2016 is not applicable and hence not commented upon.
- xv. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to the information and explanations given to us by the management, the company has not entered into any non-cash transactions with directors or persons connected with him.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2 referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of the Our Report of even date to the members of WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED on the accounts of the company for the year ended March 31, 2020.

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

**To the Members of WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED**

We have audited the internal financial controls over financial reporting WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to information and explanations given to us and based on our audit, the following material weakness has been identified as at March 31, 2020:

The Company did not have an appropriate internal control system for recognition of revenue as per Indian Accounting Standard (Ind AS) 115, Revenue from Contracts with Customers, since Sales - Property Development is recognized on construction work executed on Residential Tower A and Commercial Plaza is recognised as revenue considering executed application forms by the buyers, instead of duly signed agreements.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effect of the material weakness described above on the achievement of the objective of the control criteria, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

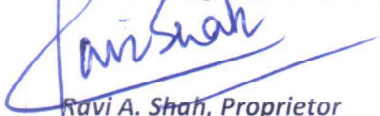

**Explanatory paragraph**

We also have audited, in accordance with the Standard on Auditing issued by the Institute of Chartered Accountants of India, as specified under section 143(10) of the Act, the financial statements of WEST PIONEER PROPERTIES (INDIA) PRIVATE LIMITED ("the company"), which comprise the Balance Sheet as at March 31 2020, and the related Statement of Profit and Loss and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information. The material weakness was considered in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2020 standalone financial statements of the Company and this report has affected our report dated June 15, 2020, in which we have expressed a qualified opinion on those financial statements.

Notes:

The Company has elected to continue with carrying value for all of its property, plant and equipment and intangible assets as recognized in its Indian GAAP financial statements, as its deemed cost at the date of transition under Ind AS 101 "First-time adoption of Indian Accounting Standards", i.e. 1st April, 2018.

B. Leased Assets

(Amount in Rs.)

Particulars	Gross block			Depreciation				Net block		
	As at 1st April, 2019	Addition on account of Transition to Ind AS 116 - 1st April, 2019	Deductions/ Adjustments	As at 31st March, 2020	As at 1st April, 2019	For the year	Deductions/ Adjustments	As at 31st March, 2020	As at 31st March, 2020	As at 31st March, 2019

<b>Total</b>	<b>-</b>	<b>1,29,86,336</b>	<b>-</b>	<b>1,29,86,336</b>	<b>-</b>	<b>64,93,168</b>	<b>-</b>	<b>64,93,168</b>	<b>64,93,168</b>	<b>-</b>

Notes:

The Company has adopted Ind AS 116 effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

This has resulted in recognising a right-of-use asset of Rs. 1,29,86,336 and a corresponding lease liability Rs. 1,29,85,336.

In the statement of profit and loss for the current year, operating lease expenses which were recognised as other expenses in previous periods is now recognised as amortisation expense for the right-of-use asset and finance cost for interest accrued on lease liability. The adoption of this standard did not have any significant impact on the profit for the year and earnings per share. The weighted average incremental borrowing rate of 11.15% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

**Corporate Information**

West Pioneer Properties (India) Private Limited is engaged in construction and management of shopping malls, development and sale of residential property and is developing mixed use property in India. The Company is also engaged in the business of operating Family Entertainment Centers (Game Zone) under brand name as "Zingeria". While Westfield Entertainment Private Limited is a wholly owned subsidiary of the Company, majority of its own equity capital is held by Winmore Leasing and Holdings Limited (Holding Company).

**Significant accounting policies**

Significant accounting policies adopted by the Company are as under:

**Basis of Preparation of Financial Statements**

**Statement of Compliance with Ind AS**

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The financial statements up to the year ended 31st March, 2019 were prepared in accordance with the accounting standards notified under section 133 of the Act, read with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

These financial statements for the year ended 31st March, 2020 are the first set of financial statements prepared in accordance with Ind AS. Refer note 4 for an explanation of how the Company has adopted Ind AS.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**Basis of measurement**

The financial statements have been prepared on a historical cost convention on accrual basis, except for certain financial instruments that are measured at fair values as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis.

**Classification into current and non-current:**

Assets and liabilities are classified as Current and Non Current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act 2013. Based on nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company ascertains its operating cycle as 12 months for the purpose of Current/Non-Current classification of assets and liabilities.

**Use of judgements and estimates:**

Preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities at end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods. Estimates and underlying assumptions are reviewed at each reporting date.

**Significant management judgements:**

The following are significant management judgements in applying the accounting policies of the Company that have a significant effect on the financial statements

**I Revenue recognition:**

Revenue is recognised only when the Company can measure its progress towards complete satisfaction of the performance obligation. The measurement of progress is estimated by reference to the stage of the projects determined based on the proportion of costs incurred to date and the total estimated costs to complete.

**II Classification of property:**

The Company determines whether a property is classified as building under Property, Plant and Equipment or as inventory:

- (i) Building under Property, Plant and Equipment comprises land and buildings that are not occupied for use by, or in the operations of, the Company, nor for sale in the ordinary course of business, but are held primarily to earn rental income. These buildings are rented to tenants and are not intended to be sold in the ordinary course of business.
- (ii) Inventory comprises property that is held for sale in the ordinary course of business. Principally these are properties that the Company develops and intends to sell before or on completion of construction.

**III Operating lease contracts – the Company as lessor**

The Company has entered into various leases agreements. The Company has determined based on an evaluation of the terms and conditions of the arrangements, that it retains all the significant risks and rewards of ownership of these properties and so accounts for the leases as operating leases.

**Estimates and Assumptions:**

**I Classification of assets and liabilities into current and non-current**

The management classifies the assets and liabilities into current and non-current categories based on the operating cycle of the respective business / projects.

**II Impairment of assets:**

In assessing impairment, management estimates the recoverable amounts of each asset or CGU (in case of non-financial assets) based on expected future cash flows and uses an estimated interest rate to discount them. Estimation relates to assumptions about future cash flows and the determination of a suitable discount rate.

**III Useful lives of depreciable / amortisable assets:**

Management reviews its estimate of the useful lives of depreciable / amortisable assets at each reporting date, based on the expected usage of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the usage of certain assets.

**IV Inventories:**

Inventory is stated at the lower of cost or net realisable value (NRV).

NRV for completed inventory property is assessed including but not limited to market conditions and prices existing at the reporting date and is determined by the Company based on net amount that it expects to realise from the sale of inventory in the ordinary course of business.

NRV in respect of inventories under construction is assessed with reference to market prices (reference to the recent selling prices) at the reporting date less estimated costs to complete the construction, and estimated cost necessary to make the sale. The costs to complete the construction are estimated by management.

**V Defined Benefit Obligation:**

The cost of defined benefit gratuity plan and the present value of the gratuity obligation along with leave salary are determined using actuarial valuations. An actuarial valuation involves making various assumptions such as standard rates of inflation, mortality, discount rate, attrition rates and anticipation of future salary increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

**VI Fair value measurements:**

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument / assets. Management bases its assumptions on observable data as far as possible but this may not always be available. In that case Management uses the best relevant information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

2.2

**Property, Plant and Equipment**

**Transition to Ind AS**

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April, 2018 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

**Recognition and initial measurement**

Property, plant and equipments are stated at cost less accumulated depreciation/amortisation and impairment losses, if any.

Cost comprises the purchase price and any attributable / allocable cost of bringing the asset to its working condition for its intended use. The cost also includes direct cost and other related incidental expenses.

Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

When significant components of property and equipments are required to be replaced at intervals, recognition is made for such replacement of components as individual assets with specific useful life and depreciation, if these components are initially recognised as separate asset. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

**Subsequent measurement**

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in profit or loss as incurred. Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful lives. In other cases, such items are classified as inventories.

Gains or losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset disposed and are recognized in the statement of profit and loss.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

**De-recognition:**

PPE are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of de-recognition.

Property, plant and equipment held for sale is valued at lower of their carrying amounts and net realizable values. Any write-down is recognized in the Statement of Profit and Loss.

2.3

**Depreciation on Property, Plant and Equipment**

Leasehold land is amortized on a straight line basis over the period of lease.

Depreciation is calculated on a straight-line basis using useful lives as specified in Schedule II of the Companies Act 2013, except on below mentioned assets. Useful lives of the following assets are estimated by the Management on basis of technical evaluation.

Asset type	Useful life estimated by the management (years)
Mall Fit outs	10
Building	30
Plant & Machinery (Gaming Equipments)	5

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Assets individually costing less than or equal to Rs. 5,000/- are fully depreciated in the year of purchase except under special circumstances.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

2.4

**Capital Work in Progress**

Capital work in progress is stated at cost less impairment losses, if any. Cost comprises of expenditures incurred in respect of capital projects under development and includes any attributable / allocable cost and other incidental expenses. Revenues earned, if any, from such capital project before capitalisation are adjusted against the capital work in progress.

2.5

**Intangible Assets**

**Transition to Ind AS**

Under the previous Indian GAAP, intangible assets, were carried in the balance sheet at cost less accumulated depreciation / amortisation and impairment losses, if any. The Company has elected to regard those values of intangible assets as deemed cost at the date of transition to Ind AS (April 1, 2018)

**Recognition and initial measurement**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and the expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred.

Intangible assets are amortized on a straight line basis over their estimated useful economic lives. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If persuasive evidence exists to the effect that useful life of an intangible asset exceeds ten years, the Company amortizes the intangible asset over the best estimate of its useful life. Intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

A summary of amortization policies applied to the Company's intangible assets is as below:

Asset type	Useful life
Computer Software	6 years

2.6

**Impairment of Property, Plant and Equipment and Intangible Assets**

The carrying amounts of assets are reviewed at each balance sheet date. If there is any indication of impairment based on internal/external factors, an impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

## 2.7 Fair value measurement

The Company measures certain financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 - Inputs for the assets or liability that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

## 2.7 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating lease. The Company has only operating lease and accounts the same as follows:

### Where the Company is the Lessee:

The Company has adopted Ind AS 116-Leases effective 1st April, 2019. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated. The Company's lease asset classes primarily consist of leases for building. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straightline basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet.

Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

Lease deposits given are financial instruments (financial asset) and need to be measured at fair value on initial recognition. The difference between the fair value and the nominal value of deposits is considered as Rent paid in advance and recognised over the lease term on a straight line basis. Unwinding effect of such difference is treated as other income for deposits given and is accrued as per the EIR method.

### Where the Company is the Lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the non-cancellable period of the lease term. Costs, including depreciation are recognized as expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Statement of Profit and Loss.

Lease deposits received are financial instruments (financial liability) and need to be measured at fair value on initial recognition. The difference between the fair value and the nominal value of deposits is considered as rent in advance and recognised over the lease term on a straight line basis. Unwinding effect of such difference is treated as interest expense (finance cost) for deposits received and is accrued as per the EIR method.

## 2.8 Investments in Subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

## 2.9 Inventories

Inventories are valued at lower of cost and net realisable value. Cost comprising of cost of construction/development and of materials is determined on FIFO basis.

Direct expenditure relating to development activities of properties under construction is inventorised. Indirect expenditure (including borrowing costs) during the construction period is inventorised to the extent the expenditure is directly related to construction. Other indirect expenditure (including borrowing costs) incurred during the year not related to the construction activity is charged to the Statement of Profit and Loss. Costs incurred/ items purchased specifically for projects are taken as consumed as and when incurred/ received. Inventories include construction work-in-progress. Construction work-in-progress is valued at cost, which comprises of cost of land, materials, services and other overheads related to projects under construction.

Raw materials, components, stores and spares are valued at lower of cost and net realisable value. Cost is determined on FIFO basis.

2.10

#### Revenue recognition

Revenue is recognised as follows:

##### Revenue from real estate projects

Ind AS 115 has been notified by Ministry of Corporate Affairs (MCA) on March 28, 2018 and is effective from accounting Period beginning on or after April 01, 2018. Effective from April 1 2018, the Company has applied Ind As 115: Revenue from contracts with customers which establishes comprehensive framework for determining whether, how much and when revenue is to be recognised.

The company recognises revenue when (or as) it satisfies a performance obligation by transferring a promised good or service to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Company recognises revenue from contract with customer when it determines the satisfaction of performance obligations at a point in time. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products.

The Company uses cost based input method for measuring progress for performance obligation. Under this method, the Company recognises revenue in proportion to the actual project cost incurred as against the total estimated project cost.

##### Revenue from lease rentals and related income:

Lease revenue arising from operating leases is accounted for on a straight line basis over the non cancellable period of the lease term. Straight Lined lease rentals are shown in Revenue from Operations. Turnover based rents are recorded as income in the year in which they are earned. Common Area Maintenance recoveries from Licensees are recognized as income in the year in which the related costs are incurred.

##### Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head 'other income' in the Statement of Profit and Loss.

##### Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Revenue for Game zone is recognised when it is earned and no significant uncertainty exists as to its realization or collection.

All other revenues are recognized on an accrual basis.

2.11

#### Borrowing Costs

Borrowing costs consist of interest and amortization of ancillary costs incurred in connection with arrangement of borrowings.

Borrowing costs directly attributable to acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

2.12

#### Foreign Currency Translations

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

Foreign currency transactions are accounted for at prevailing rates on the respective date of transaction. Liabilities remained unsettled at the year end are translated at year end rates. Differences in transactions of assets and liabilities and realised gains and losses on foreign currency transactions are recognised in the Profit and Loss Account.

##### *(i) Initial Recognition*

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

##### *(ii) Conversion*

Foreign currency monetary items are reported using the exchange rate prevailing on reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rate that existed when the values were determined.

##### *(iii) Exchange Differences*

Exchange differences arising on the settlement of monetary items or on Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expense in the year in which they arise.

2.13

#### Retirement and other employee benefits

Retirement benefit in the form of Provident Fund is a defined contribution scheme and contributions thereto are charged to the Statement of Profit and Loss of the year.

Gratuity liability is a defined benefit plan towards retirement benefits, covering substantially all employees. Liability for the benefit is unfunded. Cost of providing benefits under the defined benefit plan is determined using the projected unit credit actuarial valuation method.

Remeasurements, comprising of actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the balance sheet with a charge/credit recognised in Other Comprehensive Income ("OCI") in the period in which they occur.

Remeasurements recognised in OCI is reflected immediately in retained earnings and is not reclassified to profit or loss in subsequent periods.

2.14

#### Income taxes

Tax expense comprises of current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on tax rates and tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date, the Company re-assesses its unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Carrying amounts of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.15 **Expenditure on New Projects and Substantial Expansion**

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to construction activity nor is incidental thereto is charged to the Statement of Profit and Loss. Income earned during construction period is deducted from total of the indirect expenditure.

All direct capital expenditure on expansion is capitalized. As regards indirect expenditure on expansion, only that portion is capitalized which represents marginal increase in such expenditure involved as a result of capital expansion. Both direct and indirect expenditure are capitalized only if they increase value of the asset beyond its original standard of performance.

2.16 **Segment Reporting Policy**

**Identification of Segments :**

Based on the "management approach" as defined in Ind AS 108 Operating Segments, the Chairman and Managing Director / Chief Financial Officer evaluates the Company's performance based on an analysis of various performance indicators by operating segment. The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Segment revenue and expense include amounts which can be directly attributable to the segment and allocable on reasonable basis. Segment assets and liabilities are assets / liabilities which are directly attributable to the segment or can be allocated on a reasonable basis. Income / expenses / assets / liabilities relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated income / expenses / assets / liabilities.

2.17 **Earnings per share**

Basic earnings per share is calculated by dividing net profit or loss for the year attributable to equity shareholders after deducting preference dividend and attributable taxes by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.18 **Provisions**

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.19 **Cash and Cash Equivalents**

Cash and cash equivalent in the financial statement comprise cash at banks and on hand, demand deposit and short-term deposits, which are subject to an insignificant risk of changes in value.

2.20 **Financial Instruments**

(a) **Financial Assets**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified and measured at amortised cost, fair value through profit and loss (FVTPL), and fair value through other comprehensive income (FVOCI). Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes election at FVTPL basis. Fair value changes excluding dividends, on equity instruments measured at FVTPL are recognized in Statement of Profit and Loss. Dividend income on investments in equity instruments are recognised as 'other income' in Statement of Profit and Loss.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

**Impairment of financial assets**

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in Statement of Profit and Loss.

(b) **Financial liabilities**

Financial liabilities are recognised when the Company becomes a party to contractual provisions of an instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.21 **Contingent Liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

2.22 **Measurement of EBITDA**

As permitted by the Guidance note on Schedule III to the Companies Act 2013, the Company has opted to present earnings before finance cost, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. The Company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the Company does not include depreciation and amortization expense, finance costs and tax expense but includes other income.

3 **Recent Indian Accounting Standards (Ind AS)**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020

**First-time adoption of Ind-AS**

These financial statements are the first set of Ind AS financial statements prepared by the Company. Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for year ending on 31st March, 2020, together with the comparative year data as at and for the year ended 31st March, 2019, as described in the significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April, 2018, being the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April, 2018 and the financial statements as at and for the year ended 31st March, 2019.

**4.1 Exemptions availed on first time adoption of Ind AS**

Ind AS 101 "First-time Adoption of Indian Accounting Standards" allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions.

**(a) Deemed Cost**

Since there is no change in the functional currency, the Company has elected to continue with carrying value for all of its property, plant and equipment as recognized in its Indian GAAP financial statements as its deemed cost at the date of transition after making adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 "Intangible Assets and Investment Properties". Accordingly the management has elected to measure all of its property, plant and equipment and intangible assets at their Indian GAAP carrying value.

**(b) Fair value measurement of financial assets or financial liabilities at initial recognition**

Ind AS 101 provides optional exemption to apply Ind AS 109 prospectively. Company has availed the said exemption.

**4.2 Mandatory Exemption on first-time adoption of Ind AS**

**(a) Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Indian GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April, 2018 are consistent with the estimates as at the same date made in conformity with Indian GAAP. The Company made estimates for effective interest rate used in calculation of borrowings in accordance with Ind AS at the date of transition as these were not required under Indian GAAP.

**(b) Derecognition of financial assets and financial liabilities**

(i) As per Ind AS 109, financial assets and liabilities that had been de-recognised before the date of transition to Ind AS under previous Indian GAAP have not been recognised under Ind AS.

(ii) As per Ind AS 109, impairment of financial assets needs to be applied retrospectively. Company has reasonable and supportable information to determine the credit risk and it has concluded that the credit risk remains the same on the date of transition which was assessed to such instrument on the date of its initial recognition. Hence there is no impairment which is to be given effect retrospectively.

**(c) Classification and measurement of financial assets**

Ind AS 101 "First-time Adoption of Indian Accounting Standards" requires an entity to assess classification and measurement of financial assets, if any, on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

**4.3 Reconciliations**

Ind AS 101 "First-time Adoption of Indian Accounting Standards" provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. The Company has prepared the Opening Balance Sheet as per Ind AS as at 1st April, 2018 (the transition date) by:

- recognising all assets and liabilities whose recognition is required by Ind AS,
- not recognising items of assets or liabilities which are not permitted by Ind AS,
- reclassifying items from previous Indian Generally Accepted Accounting Principles (Indian GAAP) to Ind AS as required under Ind AS, and
- applying Ind AS in measurement of recognised assets and liabilities.

The following reconciliations provide the effect of transition to Ind AS from Indian GAAP in accordance with Ind AS 101 "First-time Adoption of Indian Accounting Standards":

**(a) Reconciliation of total equity as at 31st March, 2019 and 1st April, 2018**

Other Comprehensive Income (Net of Taxes)		(2,49,14,471)
Profit / (Loss) as per Ind AS		(1,37,517)
		(11,31,92,339)

(c) Notes to first-time adoption

(i) Fair Valuation of Mutual Funds and Equity Shares

Under Indian GAAP, the Company has recognised investments in Mutual Funds and Equity Shares at lower of cost or fair value. Under Ind AS, such investments are measured at fair value through profit and loss account. On the transition date, difference between the instruments' fair value and Indian GAAP carrying amount has been recognised in retained earnings.

(ii) Security Deposit

Under the previous Indian GAAP, the interest free security deposits both received and paid were carried at nominal amount. Under Ind AS, Lease / Security deposits received and paid, are measured at fair value on initial recognition. Unwinding of discount is treated as interest expense / income and is accrued as per the EIR method. The difference between the fair value and the nominal value of deposits is considered as rent in advance / prepaid rent and recognised over the lease term on a straight line basis.

(iii) Redeemable Preference Shares

Under the India GAAP, Redeemable preference shares were classified as a part of total equity. These have been reclassified as debt and have been recorded at fair value as at 1 April 2018 with the resultant gain/loss has been recognised in the retained earnings. For subsequent measurement, preference shares have been valued based on fair value through profit and loss (FVTPL).

(iv) Impairment of financial assets

Under Ind AS, impairment allowance has been determined based on expected credit loss.

6 CAPITAL WORK IN PROGRESS

(b) Terms of Conversion/ Redemption of OCCRPS

As per terms of the allotment, the Company shall declare and pay dividends and all unpaid dividends, if any, subject to the Company having distributable profits in accordance with provisions of Section 123 of the Companies Act, 2013. Dividend rate shall be subject to revision every year on basis of Bank rate prevailing as on 31st March, immediately preceding the date of meeting of the Company's Board of Directors at which the Balance Sheet and Statement of Profit and Loss pertaining to the relevant financial year are approved by the Board. The rate of dividend will be such Bank Rate plus 2%, provided that in no case the dividend rate shall exceed 10% p.a. The dividend rate is 6.65% for the year ended March, 2020 (31st March, 2019 : 8.50%).

Each holder of OCCRPS can opt to convert its preference shares into equity shares on a date not being beyond expiry of the 19th anniversary from the Date of Issue i.e. 19th December 2010. If a holder exercises the conversion option, the Company will issue 1 equity share for each preference share held.

If OCCRPS holders do not exercise their conversion option, all preference shares will be redeemable at end of the 19<sup>th</sup> anniversary from the date of issue. In event of liquidation of the Company before conversion/ redemption of OCCRPS, holders of OCCRPS will have priority over equity shares in payment of dividend and repayment of capital.

(c) Terms of Conversion/ Redemption of Redeemable Preference Shares

The preference shares do not carry right to dividend. Also, they carry right to vote only in accordance with provisions of section 47 of the Companies Act, 2013.

Redemption of Redeemable Preference Shares:

i. At option of the Company:

The preference shares would be redeemable at any time within 20 years from the date of issue at option of the Company by giving a 48 hours prior written notice to the holder(s) at the redemption price calculated based on Internal Rate of Return (IRR) of 11% compounded annually from the date of receipt of the last call money till the date of redemption.

ii. At option of the Preference Shareholders:

The preference shares would be redeemable at any time within 20 years from the date of issue at option of the holders by giving a 15 days prior written notice to the Company at a redemption price as per the specified rates compounded annually from the date of receipt of last call money till the date of redemption.

(d) Terms of Conversion/ Redemption of 12% Redeemable Preference Shares

i. At option of the Company:

The Preference Shares would be redeemable at any time within 20 years from the date of issue at the option of the Issuer Company by giving a 48 - hours prior written notice to the holder(s) at the redemption price calculated based on Internal Rate of Return (IRR) at the rate of 12% compounded annually from the date of allotment till the date of redemption of the Preference Shares.

ii. At option of the Preference Shareholders:

The Preference Shares would be redeemable at any time within 20 years from the date of issue at the option of the Preference Shareholder(s) by giving a 15 days prior written notice to the Company at the redemption price as per the specified rates compounded annually from the date of allotment till the date of redemption of the Preference Shares.

40 Leases

Company as Lessor

The Company has entered into agreed Heads of Terms and registered agreements with retailers in respect of its mall at Kalyan. These leases have non-cancellable lease terms of 3 years and include a clause to enable upward revision of the rental charge every 3 years, if the lease is renewed.

The future minimum lease incomes in respect of the non cancellable period in those leases are as follows:

	31st March, 2020 ₹	31st March, 2019 ₹
Not later than one year	70,58,933	1,97,67,842
Later than one year but not later than five years	-	70,58,933
Later than 5 years	-	-
<b>Total future minimum payments receivables</b>	<b>70,58,933</b>	<b>2,68,26,775</b>

Company as Lessee

The following is the break up of current and non-current lease liabilities as at March 31, 2020 :

Particulars	(Amount in Rs.)	
	As At 31st March, 2020	As At 31st March, 2019
Non Current	-	-
Current	67,90,031	-
<b>Total</b>	<b>67,90,031</b>	<b>-</b>

The following is the movement of Lease Liabilities during the year ended March 31, 2020

Particulars	As At 31st March, 2020
Balance at the beginning	-
Additions	1,29,86,336
Finance cost accrued during the year	10,10,767
Deletions	-
Payment of lease liabilities	72,07,072
<b>Balance at the end</b>	<b>67,90,031</b>

The table below provides details regarding the contractual maturities of lease liabilities as at March 31, 2020 on an undiscounted basis:

Particulars	As At 31st March, 2020
Less than one year	72,07,072
one to five years	-
More than five years	-
<b>Total</b>	<b>72,07,072</b>

The company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Amounts recognised in Statement of Profit and Loss:

Particulars	For the year ended March 31, 2020
Depreciation expense on Right of Use Assets	64,93,168
Interest expense on Lease Liability	10,10,767
Expense related to Short term leases and low value assets	-
<b>Total</b>	<b>75,03,935</b>

41 Capital work-in-progress

Capital work-in-progress includes expenditure incurred during the implementation period for bringing a project in the condition of its intended use. Capitalisation is done in the ratio of phased implementation. The following expenditure is carried forward as capital work-in-progress.

	31st March, 2020 ₹	31st March, 2019 ₹
Civil work (including Material)	77,08,243	1,83,47,196
Consultancy	30,36,027	23,59,340
Other costs directly related to construction	-	3,96,809
Employee costs	10,18,875	13,79,551
Land/development cost	1,87,267	1,87,267
Other overheads	5,97,374	2,93,844
	<b>1,25,47,786</b>	<b>2,29,64,007</b>

Capitalized Borrowing Costs

The borrowing cost capitalized during the year ended 31st March, 2020 was ₹ 10,18,875 (31st March, 2019: ₹ 2,92,693) and is part of capital work-in-progress and property, plant and equipment.

42 Gratuity and other Post-Employment Benefit Plans:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of continuous service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. This benefit is unfunded. The following tables summarise the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet for the respective plans.

Statement of Profit and Loss

Net employee benefit expense recognised in employee cost

	31st March, 2020 ₹	31st March, 2019 ₹
Current service cost	5,79,223	5,43,197
Interest cost	2,10,394	1,54,799
Net actuarial loss / (gain) to be recognized	9,34,205	1,37,517
<b>Expense recognised in the Statement of Profit &amp; Loss (Net loss)</b>	<b>17,23,822</b>	<b>8,35,513</b>

Balance Sheet

Benefit liability

Present Value of defined benefit obligation

Benefit liability

42,83,307	27,35,948
<b>42,83,307</b>	<b>19,64,454</b>

Changes in present value of defined benefit obligation :

Opening Defined benefit obligation	27,35,948	19,64,454
Interest Cost	2,10,394	1,54,799
Current Service Cost	5,79,223	5,43,197
Benefits Paid	(1,76,463)	(64,019)
Actuarial (gain) / loss on obligation	9,34,205	1,37,517
Closing defined benefit obligation	<b>42,83,307</b>	<b>27,35,948</b>

The assumptions used in accounting for the gratuity plan are set out below:

	2019-20	2018-19
Discount Rate	6.56%	7.69%
Future Salary Increases	7.00%	5.00%
Employee Turnover	10.00%	5.00%
Expected Return on Plan Assets	0%	0%

The Company evaluates these assumptions annually based on its long-term plans of growth and industry standards. The unrecognized net actuarial loss / (gain) at 31st March, 2020 is ₹ 9,34,205/- ; 31st March, 2019 ₹ 1,37,517/-

Amounts for the current and previous four years are as follows:

	2020	2019	2018	2017	2016
<b>Gratuity</b>					
Defined benefit obligation	42,83,307	27,35,948	19,64,454	17,86,725	16,43,308
Experience adjustment on plan liabilities	(72,617)	92,916	(1,01,183)	1,60,357	(2,20,893)
Experience adjustment on plan assets					

43 Contingencies and Capital commitments

a. A suit for injunction was filed before the Delhi High Court seeking injunction against the Company from using the word 'Metro'.

The amount of claim against the company (not acknowledged as debt) is Rs. 20 lacs (previous year Rs. 20 lacs).

The Company is contesting the claim and does not believe that the proceedings will have any material adverse impact on its financials.

b. Other claims

- i) Six consumer cases have been filed by purchasers of units in a property developed by the Company in State Consumer Forum alleging shortfall in area of tenements given and the percentage of loading charged. The matters are pending disposal.
- ii) A time barred law suit is filed in Kalyan Court against the company by some persons inter alia claiming tenancy rights over the Kalyan land through their alleged predecessor in title.
- iii) A time barred law suit is filed in Kalyan Court against the company inter alia claiming ownership over part of land in possession of the Company at Kalyan. The matter concerns approx. 2900 sq ft land area. A Writ Petition arising out of an interlocutory order passed by Kalyan Court in favour of Company in the above suit is also filed against the Company in Bombay High Court. Both the Suit as well as Writ Petition are pending in Kalyan and Bombay High Court, respectively.
- iv) An occupant in the Residential Complex developed by the Company has filed a suit in a Kalyan Court asking for space for parking.
- v) Some occupants of the Residential Complex have filed complaints against the Company before the Consumer Forum alleging deficiency of service and delay in giving possession. The Company is contesting these claims and does not believe that the proceedings will have a material adverse impact on it.

c. The Company has received Notice of Demand from Maharashtra Value Added Tax department amounting to ₹40,08,224 for the Financial Year 2012-13. The Company has filed appeal against the assessment order.

d. The Company has received Notice of Demand from Maharashtra Goods and Service tax department amounting to ₹69,56,445 related to Trans-1 credit availed by Company. The Company has filed appeal against the assessment order.

The Company is contesting the aforesaid matters and is advised and believes that the proceedings will have no adverse effect on its financials.

e. Capital Commitments

	31st March, 2020 ₹	31st March, 2019 ₹
Estimated amount of contracts remaining to be executed on capital account and not provided for	1,11,07,151	94,41,385
Other commitments*	34,08,94,645	35,83,13,271
<b>Total</b>	<b>35,20,01,796</b>	<b>36,77,54,657</b>

\*Other commitments include development and construction cost towards mixed use properties to be incurred in future.

44 Supplementary Statutory Information

	31st March, 2020 ₹	31st March, 2019 ₹

b) In other capacity	15,000	-
c) Out of pocket expenses	-	-
<b>Total</b>	<b>8,15,000</b>	<b>3,75,000</b>

45 Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees. The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases.

The following table summarizes the impact of the newly adopted Ind AS 116 on the results for the period ended 31 March, 2020:

Particulars	Amount
Increase in Finance cost	10,10,767
Increase in Depreciation and Amortisation cost	64,93,168
Decrease in other expenses	72,07,072
<b>(Increase)/Decrease in Net Profit before tax</b>	<b>2,96,863</b>

Further, the net assets and net liabilities as at 31st March, 2020 have been increased by Rs. 67,90,031/- and 64,93,168/- respectively.

46 Fair values of financial assets and financial liabilities

The fair value of cash and cash equivalents, trade receivables, investments, short-term borrowings, other current financial assets and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security deposits is not significantly different from the carrying amount.

Financial assets which are neither over due nor impaired include cash and cash equivalents and security deposits.

The carrying value of financial instruments by categories are as follows:

Particulars	Carrying Value								
	31st March, 2020			31st March, 2019			1st April, 2018		
	At Cost	Fair value through profit or loss	Amortised cost	At Cost	Fair value through profit or loss	Amortised cost	At Cost	Fair value through profit or loss	Amortised cost

47

**Fair value hierarchy**

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities

Particulars	Fair Value								
	31st March, 2020			31st March, 2019			1st April, 2018

There have been no transfers between Level 1 and Level 2 during the period.

The carrying amount of cash and cash equivalents, other bank balance, trade receivables and short-term borrowings are considered to be the same as their fair values. The fair values of security deposits were calculated based on cash flows discounted using average lending rate.

The rate of interest in respect of financial assets and financial liabilities at each reporting date approximate the market rate of interest. Hence, fair values of financial assets and financial liabilities approximate their carrying values.

48

**Financial risk management objectives and policies**

The Company is exposed to various financial risks generally prevailing in its sector and in the economy. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company does not engage in trading of financial assets for speculative purposes.

**A) Market Risk**

Market risk is the risk that the market value of unsold inventory will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as price risk and commodity risk.

**i) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by observing the changes in market scenario and by holding negotiations as regards interest rates and repayment terms.

Interest rate sensitivity

With all other variables held constant, the following table demonstrates the sensitivity to a reasonably possible change in interest rates on floating rate borrowings, as follows:

Years	Increase/ Decrease in basis point	Amount in Rs.
<b>2020</b>		
INR	+25	-45,20,721
INR	-25	45,20,721
<b>2019</b>		
INR	+25	-41,14,149
INR	-25	41,14,149

ii) Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates is not much as it relates primarily to the Company's operating activities (when expense is denominated in a foreign currency).

iii) Commodity price risk

The Company's activities are exposed to steel and cement price risks and therefore its overall risk management program focuses on the volatile nature of the steel and cement market, thus seeking to minimize potential adverse effects on the Company's financial performance on account of such volatility.

B) **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from lessors/customers and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and trying to retain sufficient balances in bank accounts required to meet a month's operational costs. The management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the lessors before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company does not foresee any credit risks on deposits with regulatory authorities.

The Company's maximum exposure to credit risk for the components of the balance sheet as at 31st March, 2020, 31st March, 2019 and 1st April, 2018 is the carrying amounts as mentioned in Note 8, 9, 11, 12, 14, 15, 16, and 17

C) **Liquidity Risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will have sufficient liquidity to meet its liabilities when due. The Company's objective is to maintain continuity of funding and flexibility through sale receipts and loans.

The table below summarizes the maturity profile of the Company's financial liabilities:

Particulars	Less than 3 months	3 months to 12 months	1 year to 5 years	More than 5 years	Total
<b>As at 31st March, 2020</b>					
Short Term Borrowings*	-	3,73,17,653	6,21,96,027	-	9,95,13,681

\* Excluding Security Deposits and Liability Component of OCCRPS

**Capital Management**

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a "going concern".

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt includes borrowing which long term, short term borrowings and current borrowings. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Particulars		As at 31 st March, 2020	As at 31 st March, 2019	As at 01 st April, 2018
Equity	(i)	96,33,83,260	1,16,28,50,945	1,27,60,43,284
Borrowings		1,83,88,88,593	1,67,62,60,144	1,43,71,96,951
Less: Cash and cash equivalents		(35,46,955)	(56,34,766)	(1,75,16,004)
<b>Total Debt</b>	(ii)	<b>1,83,53,41,638</b>	<b>1,67,06,25,378</b>	<b>1,41,96,80,947</b>
<b>Adjusted net debt to adjusted Equity ratio</b>	(ii)/(i)	<b>1.91</b>	<b>1.44</b>	<b>1.11</b>

No changes were made in the objectives, policies or processes for managing capital during the years ended 31st March, 2020, 31st March, 2019 and as at 1st April, 2018.

50 Disclosure under the Micro, Small and Medium Enterprises Development Act 2006 to the extent the Company has received intimation from parties under the Act.

Particulars	31st March, 2020	31st March, 2019
	₹	₹
(i) The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
Principal amount due to Micro and small enterprises	-	1,18,14,009
Interest due on above but not claimed by the parties	-	1,28,965
(ii) The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year		
(iii) The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.		
(iv) The amount of interest accrued and remaining unpaid at the end of each accounting year.		
(v) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006		

Dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by Management. This has been relied upon by Auditors.

51 Previous Year Comparatives

The Company has regrouped, reclassified and restated previous year figures to conform to this year's presentation.

52 The construction activities at our Residential Tower and the Mall were shut down due to the COVID-19 pandemic and the consequent complete Lockdown effective from March 23, 2020. The functioning at Corporate Office, Mall and the residential Towers construction site have been adversely affected. Rental cash inflow has come down to almost zero since the closure of the mall although we continue to bill for fixed rentals and common area maintenance expenses as per agreements with the retailers. Meanwhile, debt servicing and interest payment obligations remain constant. Expenses for sanitization and disinfection will go up due to COVID-19 preventive safety maintenance. In the present situation, it is difficult to ascertain, in quantitative terms, the overall impact of the outbreak. The Mall was kept operational with full upkeep and security and few retailers like Big Bazar and the online delivery by some of the restaurants were functional at the mall. The Company implemented Working from Home for all the employees working at the offices, wherever possible.

The temporary suspension of construction activities and the reduced level of operations at the mall are likely to have significant additional financial impact, the extent of which is not quantifiable at this moment. Moreover, there is acute shortage of labour although we do hope the business situation will normalise soon once the situation comes under control. It is too early to assess the future impact of COVID-19 with reasonable certainty.

In this evolving situation, the overall financial impact or the duration thereof cannot be predicted with any reasonable certainty. The capital and financial resources, profitability and liquidity are likely to be adversely impacted due to COVID-19 lockdown and impact of the same will be ascertained once the lockdown is opened in Mumbai.

The interest and Principal installments for all loans have been shifted forward by six months as per the RBI notifications in this behalf on 27th March 2020 and 23rd May 2020. There is no impact on the assets of the Company. The Company has a strong Internal Audit framework in place to ensure operational efficiency, risk management and internal financial reporting and control.

**INDEPENDENT AUDITOR'S REPORT**

To the Members of

**WESTFIELD ENTERTAINMENT PRIVATE LIMITED**

**REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS**

**Opinion**

We have audited the standalone financial statements of WESTFIELD ENTERTAINMENT PRIVATE LIMITED ("the Company"), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss and its cash flows for the year ended on that date.

**Basis of Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information other than the financial statements and auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's responsibility for the financial statements**

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
  - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the IND AS specified under Section 133 of the Act;
  - e) On the basis of written representations received from the directors as on March 31, 2020, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of section 164(2) of the Companies Act, 2013.
  - f) With respect to the adequacy to the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2" to this report;
  - g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to our best of our information and according to the explanations given to us :
    - i. The Company has a pending litigation in the Bombay High Court. In case the ultimate outcome of the pending litigation is adverse to the Company, it may lose a sizeable part of the litigation land for an unascertainable amount – Refer Note 24 to the financial statements;
    - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses
    - iii. There were no amount which were required to be transferred to the Investor Education and Protection Fund by the Company

Annexure 1 referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of the Our Report of even date to the members of WESTFIELD ENTERTAINMENT PRIVATE LIMITED on the accounts of the company for the year ended March 31, 2020.

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.  
(b) All the fixed assets have been physically verified by the management during the year and no material discrepancies were identified on such verification  
(c) Based on the audit procedures performed by us and based on the information and explanations provided to us by the management, the title deeds of the immovable properties, are held in the name of the company.  
In respect of immovable properties taken on lease and disclosed as right of use assets, in the financial statements, the lease agreements are in the name of the company.
- ii. In our opinion and according to the information and explanations given to us, the company does not have inventory, hence reporting under clause 3(ii) are not applicable and not commented upon.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly the provisions of clause 3(iii)(a),(b) and (c) of the order are not applicable to the company and hence not commented upon.
- iv. In our opinion and according to the information and explanations given to us, the company has not advanced loans to directors / to a company in which the Director is interested to which provisions of section 185 of the Companies Act, 2013 apply and hence not commented upon. Further provisions of section 186 of the Companies Act, 2013 in respect of loans and advances given and investments made have been complied by the company.
- v. In our opinion and according to the information and explanations given to us the Company has not accepted any deposits from the public in accordance with the provision of Section 73 and 76 and the rules framed there under.
- vi. The requirements of maintaining cost accounts and records as prescribed by the Central Government under section 148 (1) of the Companies Act, 2013 are not applicable to the Company.

- vii. (a). According to the information and explanations given to us in respect of statutory and other dues the Company has been regular in depositing undisputed statutory dues and other dues with the appropriate authorities during the year.  
(b). According to the information and explanations given to us clauses vii (b) of the Companies (Auditors 'Report) Order, 2016 are not applicable.
- viii. According to the information and explanations given to us, the Company has not obtained any borrowings from any bank, financial institutions, or by way of debentures and hence reporting under clause 3(viii) are not applicable and not commented upon.
- ix. According to the information and explanations given to us and based on the documents and records produced to us, the Company during the year did not have any term loans outstanding nor has the company raised any money by way of initial public offer, further public offer and debt instruments and hence reporting under clause 3(ix) are not applicable and not commented upon.
- x. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, we report that no fraud on or by the officers and employees of the Company has been noticed or reported during the year.
- xi. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, the provisions of section 197 read with Schedule V of the Act is not applicable to the company and hence reporting under clause 3(xi) are not applicable and hence not commented upon.
- xii. In our opinion the company is not a nidhi company, hence reporting under clause 3(xii) are not applicable and not commented upon.
- xiii. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to information and explanations given by the management, transactions with related parties are in compliance with section 188 of Companies Act 2013 where applicable and details have been disclosed in the notes to the financial statements, as required by the Indian accounting standard (AS) 24, Related Party Disclosure specified under section 133 of the Act. The provisions of section 177 are not applicable to the company and accordingly reporting under clause 3(xiii) in so far as it relates section 177 of the Act is not applicable and hence not commented upon.
- xiv. According to the information and explanations given to us and on overall examination of balance sheet, the company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review, accordingly, paragraph 3 (xiv) of the Order, 2016 is not applicable and hence not commented upon.
- xv. Based upon the audit procedures performed for the purpose of reporting true and fair view of the financial statements and according to the information and explanations given to us by the management, the company has not entered into any non-cash transactions with directors or persons connected with him.

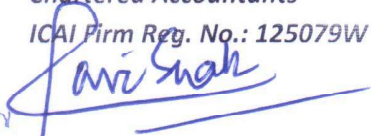

xvi. According to the information and explanations given to us, the provisions of section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

UDIN: 20116667AAAAFD5272

Annexure 2 referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of the Our Report of even date to the members of WESTFIELD ENTERTAINMENT PRIVATE LIMITED on the accounts of the company for the year ended March 31, 2020.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

**To the Members of WESTFIELD ENTERTAINMENT PRIVATE LIMITED**

We have audited the internal financial controls over financial reporting WESTFIELD ENTERTAINMENT PRIVATE LIMITED("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

### **Explanatory paragraph**

We also have audited, in accordance with the Standard on Auditing issued by the Institute of Chartered Accountants of India, as specified under section 143(10) of the Act, the financial statements of WESTFIELD ENTERTAINMENT PRIVATE LIMITED ("the company"), which comprise the Balance Sheet as at March 31 2020, and the related Statement of Profit and Loss and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information. The material weakness was considered in determining the nature, timing and extent of audit tests applied in our audit of the March 31, 2020 standalone financial statements of the Company and this report has affected our report dated June 15, 2020, in which we have expressed a qualified opinion on those financial statements.

## 1 Corporate Information

Westfield Entertainment Private Limited is involved in development, construction and management of mixed use property in India. It is 100% subsidiary of West Pioneer Properties (India) Private Limited.

## 2 Significant accounting policies

Significant accounting policies adopted by the Company are as under:

### 2.1 Basis of Preparation of Financial Statements

#### Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

The financial statements up to the year ended 31st March, 2019 were prepared in accordance with the accounting standards notified under section 133 of the Act, read with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

These financial statements for the year ended 31st March, 2020 are the first set of financial statements prepared in accordance with Ind AS. The Company has adopted Ind AS standards effective from April 1, 2019 with comparatives for year ending March 31, 2019 and April 1, 2018 being restated and the adoptions were carried out in accordance with Ind AS 101 – First time adoption of Indian Accounting Standards.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

#### i Current/non-current classification

Assets and liabilities are classified as Current and Non Current as per the Company's normal operating cycle. Based on the nature of activity carried out by the Company and the period between the procurement and realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current/Non Current classification of assets and liabilities.

#### ii Use of Estimates

Preparation of Financial Statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

### 2.2 Property, Plant and Equipment

#### Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying values of all of its property, plant and equipment recognised as at April 1, 2018 measured as per the previous GAAP and use that carrying value as deemed cost of the property, plant and equipment.

#### Recognition and initial measurement

Property, Plant and Equipment are stated at cost less accumulated depreciation and impairment losses if any. Cost comprises the cost of acquisition and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition / construction / development of tangible assets, which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Value of leasehold land is amortised over the respective residual lease period.

#### Subsequent measurement

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

### 2.3 Depreciation on Property, Plant and Equipment

Depreciation is provided using the straight line method as prescribed under Schedule II of the Act based on useful life of an asset as specified therein and in case the Schedule II provisions do not fairly reflect such useful life, on the basis of technical evaluation made by the management

Building	30 years
----------	----------

Leasehold land are amortised on the basis of duration and other terms of lease.

Depreciation method, useful life and residual value are reviewed periodically.

The Company depreciates assets costing less than ₹ 5,000 over their useful lives.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

### 2.4 Capital Work in Progress

Capital work in progress is stated at cost less impairment losses, if any. Cost comprises of expenditures incurred in respect of capital projects under development and includes any attributable / allocable cost and other incidental expenses. Revenues earned, if any, from such capital project before capitalisation are adjusted against the capital work in progress.

### 2.5 Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset, are classified as operating leases.

Amortisation of lease cost are recognised as Capital work in progress on straight line basis over the lease term.

### 2.6 Revenue Recognition

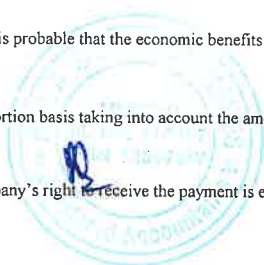

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured and there exists certainty of its recovery.

#### Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

#### Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

## 2.7 Impairment of Assets

At each balance sheet date, management reviews the carrying amounts of assets to determine whether there is any indication that the assets were impaired. If any such indication exists, recoverable amount of the asset is estimated in order to determine the extent of impairment.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted market prices or other available fair value indicators.

## 2.8 Income Taxes

Tax expense comprises of current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted by the balance sheet date.

At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

## 2.9 Earnings Per Share

Basic earnings per share is calculated by dividing the after tax net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period. Weighted average number of equity shares outstanding during the period is adjusted for event like bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects, of all dilutive potential equity shares.

## 2.10 Provisions

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

## 2.11 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less which are subject to an insignificant risk of changes in value.

## 2.12 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

## 2.13 Financial Instruments

### (a) Financial Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified and measured at amortised cost, fair value through profit and loss (FVTPL), and fair value through other comprehensive income (FVOCI). Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes election at FVTPL basis. Fair value changes excluding dividends, on equity instruments measured at FVTPL are recognized in Statement of Profit and Loss. Dividend income on investments in equity instruments are recognised as 'other income' in Statement of Profit and Loss.

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

### Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in Statement of Profit and Loss.

### (b) Financial liabilities

Financial liabilities are recognised when the Company becomes a party to contractual provisions of an instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### 3. Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, including the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

#### 3.1 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

##### (a) Useful lives of property, plant and equipment

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. These reassessments may result in change in the depreciation /amortisation expense in future periods.

##### (b) Classification of assets and liabilities into current and non-current

The management classifies the assets and liabilities into current and non-current categories based on the operating cycle of the business.

##### (c) Impairment of assets

In assessing impairment, management estimates the recoverable amounts of each asset or CGU (in case of non-financial assets) based on expected future cash flows and uses an estimated interest rate to discount them. Estimation relates to assumptions about future cash flows and the determination of a suitable discount rate. In determining fair value less costs of disposal, recent market transactions are taken into account.

### 4. First-time adoption of Ind-AS

These financial statements are the first set of Ind AS financial statements prepared by the Company. Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for year ending on 31st March, 2020, together with the comparative year data as at and for the year ended 31st March, 2019, as described in the significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April, 2018, being the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April, 2018 and the financial statements as at and for the year ended 31st March, 2019.

#### 4.1 Exemptions availed on first time adoption of Ind AS

Ind AS 101 "First-time Adoption of Indian Accounting Standards" allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions.

##### (a) Deemed Cost

Since there is no change in the functional currency, the Company has elected to continue with carrying value for all of its property, plant and equipment as recognized in its Indian GAAP financial statements as its deemed cost at the date of transition after making adjustments for de-commissioning liabilities. Accordingly the management has elected to measure all of its property, plant and equipment, investment properties at their Indian GAAP carrying value.

##### (b) Fair value measurement of financial assets or financial liabilities at initial recognition

Ind AS 101 provides optional exemption to apply Ind AS 109 prospectively. Company has availed the said exemption.

#### 4.2 Mandatory Exemption on first-time adoption of Ind AS

##### (a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Indian GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1st April, 2018 are consistent with the estimates as at the same date made in conformity with Indian GAAP.

##### (b) Derecognition of financial assets and financial liabilities

(i) As per Ind AS 109, financial assets and liabilities that had been de-recognised before the date of transition to Ind AS under previous Indian GAAP have not been recognised under Ind AS.

(ii) As per Ind AS 109, impairment of financial assets needs to be applied retrospectively. Company has reasonable and supportable information to determine the credit risk and it has concluded that the credit risk remains the same on the date of transition which was assessed to such instrument on the date of its initial recognition. Hence there is no impairment which is to be given effect retrospectively.

##### (c) Classification and measurement of financial assets

Ind AS 101 "First-time Adoption of Indian Accounting Standards" requires an entity to assess classification and measurement of financial assets, if any, on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

#### 4.3 Reconciliations

Ind AS 101 "First-time Adoption of Indian Accounting Standards" provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. The Company has prepared the Opening Balance Sheet as per Ind AS as at 1st April, 2018 (the transition date) by:

- recognising all assets and liabilities whose recognition is required by Ind AS,
- not recognising items of assets or liabilities which are not permitted by Ind AS,
- reclassifying items from previous Indian Generally Accepted Accounting Principles (Indian GAAP) to Ind AS as required under Ind AS, and
- applying Ind AS in measurement of recognised assets and liabilities.

The following reconciliations provides the effect of transition to Ind AS from Indian GAAP in accordance with Ind AS 101 "First-time Adoption of Indian Accounting Standards":

## (a) Reconciliation of total equity as at 31st March, 2019 and 1st April, 2018

Particulars	(Amount in Rs.)

(b) Terms/ rights attached to Equity Shares

The Company has only one class of equity shares having par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to approval of the shareholders in the ensuing Annual General Meeting.

During the year ended 31 March 2020, the amount of per share dividend recognized as distributions to equity shareholders was 'Nil' (31 March 2019: 'Nil').

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(c) Shares held by holding company

Out of equity issued by the Company, shares held by its holding company are as below:

West Pioneer Properties (India) Private Limited, holding company  
65,27,666 Equity Shares of ₹10 each  
(31st March, 2019 : 65,27,666) (31st March, 2018 : 65,27,666)

	As at 31st March, 2020 ₹	As at 31st March, 2019 ₹	As at 01st April, 2018 ₹
	6,52,76,660	6,52,76,660	6,52,76,660

The holding company has 100% shareholding with 150 shares held jointly with Mr. Banwarilal Jatia, Mr. Sundeep Kumar, Ms. Minal Kardile, Mr. Gaurang Agarwal, Mr. Anil Gupta and Mr. O.P. Adukia as nominee on behalf of the Company.

21 Amortisation and Depreciation

An amount of ₹ 95,75,442 (P.Y. ₹ 95,75,442) out of cost of leasehold land has been amortised during the year and debited to Capital Work-in-Progress.

22 Expenditure in foreign currency Nil (Previous Year Nil)

23 Disclosure under the Micro, Small and Medium Enterprises Development Act 2006 to the extent intimation from parties has been received

Particulars	31st March, 2020	31st March, 2019
	₹	₹
(i) The principal amount and the interest due thereon remaining unpaid		
Principal amount due to Micro and small enterprises	-	2,71,434
Interest due on above but not claimed by the parties	-	8,349
(ii) The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
(iii) The amount of interest due and payable for the year of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	-	-
(iv) The amount of interest accrued and remaining unpaid at the end of each accounting year.	-	-
(v) The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

Dues to Micro and small Enterprises have been determined to the extent such parties have been identified on the basis of information collected by Management. This has been relied upon by Auditors.

24 The Company had received a notice from MIDC Nashik, requiring the Company to return a part of its leasehold land at Nashik. On the basis of independent legal advice, the Company has filed a writ petition in Bombay High Court seeking cancellation of the notice issued by MIDC and other reliefs.

The Hon'ble Court has stayed the MIDC notice. The matter continues to await disposal by the Court.

In case, the ultimate outcome of the pending litigation is adverse to the Company, it may lose a sizeable part of the litigated land for an unascertainable amount.

25 Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

The carrying amounts and fair values of financial instruments by category are as follows:

Particulars	Carrying Value								
	31st March, 2020			31st March, 2019			1st April, 2018		
	At Cost	Fair value through profit or loss	Amortised cost	At Cost	Fair value through profit or loss	Amortised cost	At Cost	Fair value through profit or loss	Amortised cost

#### Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, equity prices and other market changes that affect market risk sensitive instruments.

Market risk is attributable to all market risk sensitive financial instruments including investments and deposits and loans and borrowings.

#### A) Market Risk- Interest rate risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and commodity prices – will affect the Company's income or the value of its holdings of financial instruments.

Company is not exposed to any kind of Market risk.

#### B) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and trying to retain sufficient balances in bank accounts required to meet a month's operational costs. The management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does not foresee any credit risks on deposits with regulatory authorities.

The Company's maximum exposure to credit risk for the components of the balance sheet as at 31st March, 2020, 31st March, 2019 and 1st April, 2018 is the carrying amounts as mentioned in Note 7,8 and 9.

#### C) Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

27

#### Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a "going concern".

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt includes non current borrowing which represents borrowing from ultimate holding company of the Company. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

Particulars		As at 31 st March, 2020	As at 31 st March, 2019	As at 01 st April, 2018
